Dear Sir

See 21.07.03 reply from LVT that NOT
its job to do this

We refer to our letter dated Thursday 17th July. We have had the opportunity further to consider the matter with our client.

The issue for clarification is simply the amount of the service charge that the LVT considers it reasonable for Ms Noelle Dit-Rawe to pay in the light of your decision.

We are mindful of the fact that the LVT was, in fact, in a position to make a determination of the sums that it considered to be reasonable based on the evidence that it received at various hearings.

We are further conscious of the fact that Ms Dit-Rawe's contribution towards the service charges is very small in proportion to the whole and that the cost of any further hearing or submissions are likely to be disproportionate and unnecessary.

In the circumstances, we look forward to receiving your determination as soon as possible.

Yours faithfully

Blaming me for the costs!
