

- Discussed under **Kensington & Chelsea council**, and **Local Government Ombudsman (LGO)**
- Snapshots: **Doc library # 5.3 & # 5.4**

The Andrew David Ladsky mafia had not sent me the 'accounts' because it had defrauded the Jefferson House leaseholders - and *I could prove it* as I had challenged the demand in the tribunal: **Overview # 2 and # 3 ; 'Major works' ; Extortion.
The council, followed by the LGO, continued to be hell-bent on covering up the fraud
= help Ladsky realise his multi-million £ jackpot.**

Dear Ms Carretas,

A few minutes ago I phoned your department wanting to speak to **Mr Gerald Wild, Chief Housing Officer**, to determine what actions he had taken in relation to my request for assistance as I have not had any communication from Mr Wild since he was approached by **Mrs Ritchie, Councillor for my Ward**. I ended up talking to you. You asked me to forward you the email I sent to Mr Wild on Friday 10 September. Please, see attached.

I am also attaching the email I sent to Mrs Ritchie on 30 August 2004 in which I requested her assistance. My letter to Mrs Ritchie is included as an attachment to the email.

Given that it is more than 3 months since I first contacted the Housing Department and that no progress has been made in terms of ensuring that my legitimate request is addressed, please, inform Mr Wild that I expect to get an answer today as to what actions are being taken – including dates.

Thank you
Yours sincerely
Noëlle Rawé
