I referred this complaint to you on 5 October as a premature complaint and I have seen a copy of the response which was sent to the complainant. The complainant has written to us again saying she is not satisfied with this response and asking us to investigate her complaint

A perfect example of the power-corrupted, arrogant English public sector adding to the criminal psychological harassment tactics

We will treat this as a new complaint which will be registered in due course. But reading the copy correspondence you have sent, it seems that the Council gave a deadline of 29 October to the landlord and intended to review its decision on prosecution after that date had passed.

Yep! Having, 4 months previously, sent a 25.06.04 Notice to "the landlord" that, as per legislation, he had 21 days to meet the demand = How they fall over backwards for criminals

There is presently a six week delay in allocating complaints to an investigator and it would be helpful if you could let us know the result of the Council's deliberations so that they can be taken into account when the complaint is allocated.

The 16.11.04 letter confirming that the corrupt henchman and little dictator, Moriarty, had put my complaint back to square one and his confirming it in his 17.11.04 e-mail following my querying it in my 17.11.04 email
