Bonjour C!

Hope you had a good break. I spent mine like a nomad going from one friend to another in order to escape the hell hole for 3 nights. 1<sup>st</sup> night slept for 15 hours and the next two for 12 hours! Last night was back to the hell hole so, only 5 hours. At least, I now have some stock ☺

I'll do my best to complete the form. I am seeing the counsellor at 14h00 today (in Harley St). I hope to be okay afterwards (it upsets me to talk about my case as I see this as just 'turning around the pot').

The other thing that got me last week is that I could not access e.g. the Global Advisory site. I reported this to Jeannette Dunworth a week ago on Friday (after I had the meeting with her and Peter). Then again on Monday, and again on Thursday – as nothing had been done. (Every time I copied Peter)

This morning the situation is the same

**Error: Access is Denied.**

So, I am going to send Jeannette another email (every time I also copy Peter)

Bonjour C!

Hope you had a good break. I spent mine like a nomad going from one friend to another in order to escape the hell hole for 3 nights. 1<sup>st</sup> night slept for 15 hours and the next two for 12 hours! Last night was back to the hell hole so, only 5 hours. At least, I now have some stock ☺

Actually, what I had done, which – for sure – [KPMG](#) knew about from, among other, its [State goons](#) mates: I had moved in a room I started to rent in East London. (Detail under

my Comments, # 4, on the [08.05.07](#) email from BUPA Wellness at KPMG)

I'll do my best to complete the form. I **am seeing the counsellor at 14h00 today (in Harley St)** [Shirley Caplin]. I hope to be okay afterwards (it upsets me to talk about my case as I see this as just 'turning around the pot').

**I PROVED TO BE RIGHT**: this so-called 'specialist' did *not* listen to a word I said: **lines 1042-1044** of my [17.01.08](#) Grievance ; my Comments, # 3, on the [08.05.07](#) email....

...because her job was to issue a report on me that suited the very sinister objective of KPMG et.al. in '[the Brotherhood](#)' ([Persecution # 6](#)): **section 5.2 KPMG page**;

(NOTE that following my [01.07.08](#) Subject Access Request, in its [31.07.08](#) 'reply' KPMG claimed to be unable to provide me with Caplin's qualifications– **section 15.1 KPMG pg**)

**The other thing that got me last week is that I could not access e.g. the Global Advisory site.**

I reported this to Jeannette Dunworth a week ago on Friday (after I had the meeting with her and Peter) [1]. Then again on Monday, and again on Thursday [2] – as nothing had been done. (Every time I copied Peter [Bassett, partner])

(1)- The 30 Mar 07 meeting – **section 3.4 KPMG pg.**

(2)- My [05.04.07-10h37](#) email.

I reported events under **Header 4.2** of my [17.01.08](#) Grievance; they are discussed under **section 4 KPMG pg**;

**This morning the situation is the same.**

**So, I am going to send Jeannette another email** (every time I also copy Peter)

Which I did immediately: my [10.04.07-10h28](#) email to her.

Kind regards  
Noëlle Rawé
