What I sent you earlier on was only a sample. In the attached, I have included another 20 examples. But this hides a lot more I cannot access.

For example, by not being able to access

- 1) The KWorld home page I cannot access the KPMG Key Contacts facility. Hence, I cannot find people
- 2) The Global Advisory home page, I cannot access any of the Advisory services, and hence I cannot access any of their materials, their contact list, etc. I cannot access any of the marketing materials; I cannot access the Roadmaps; I cannot access the list of marketing contacts, etc. etc.
contact list, etc. I cannot access any of the marketing materials; I cannot access the Roadmaps; I cannot access the list of marketing contacts, etc. etc.
- 3) The UK or Global sites for FAS I cannot access the research tools such as OneSource, Factiva, etc. These are online tools.

In last Friday's KNews there was an article headed "DirectPrint: available from a desktop near you". I cannot access any of the links supplied with the article: (1) Begin your first order (2) DirectPrint user guide (3) DirectPrint Kit card

The week before, there was an article by Mike Rake on "Clear desk policy". There was a link in order to obtain more detail. I could not access the link.

It would be easier to define what I can access rather than what I cannot access – which is very little.

Because of the nature of my work, it's impossible for me to identify what I am likely to need. For example, last week, an enquiry came through on the .com site. It seemed to me to come under 'securitisation' services. I had forgotten the name of the contact. I could not get access to that site and had to ask somebody to do it for me. I probably won't need to look at that site again for the next six months, might even be a year or more.

On My Learning, I found some materials in relation to the Skills & Behaviours identified as my priorities for the year which needs to be accessed through a website. I noted the URLs in order to access them from my personal computer. Some I could not.

For more than two weeks now, I feel totally cut-off.

Kind regards
Noëlle Rawé

(*) By then **it was DAY 18** (since 30th March – section 4 [KPMG pg](#)) **of my being cut-off from ALL the internal sites, as well as the internet – and therefore unable to do my work** e.g.

- my [exchange of emails with Jeanette Dunworth, HR, between 30 Mar and 5 Apr 07](#);
- my [11 Apr 07-9h49 email to Hannah-Maria Talbot](#);
- my [17.04.07-10h44](#) email to Serena Patching, capturing numerous printscreens as examples of the sites that I could not access.

NOTE that the **23 Apr 07** letter issued 'by' [Jeanette Dunworth, HR \(= Peter Bassett\)](#) that Bassett asked me to sign in his [24.10.07-09h10](#) email (I returned with my [25.04.07-13h45](#) email) – states:

*"...following a meeting attended by you, Jeanette Dunworth and me **on 30 March 2007, you were informed that your internet and intranet access would be restricted.**"*

NO! On 30 Mar 07 (section 3.4 [KPMG pg](#)) Jeanette Dunworth, HR, **mentioned ONLY the internet** – (as I reported: (1)- in my 09.07.07 Subject Access Request (section 7 [KPMG pg](#)); (2)- under lines 134-135 of my [17.01.08](#) Grievance):

*"Because of [[Andrew David\] Ladsky](#) [FALSE, MALICIOUS] **communication** [to [KPMG](#) against me] **claiming that "website contains anti-Semitic comments" it has been decided that, "to protect you and KPMG, it would be best you no longer have access to the internet"***

WHY restrict my access to the intranet i.e. the internal sites? (as I stated under lines 233-

236 of my Grievance).

To claim that this is what I was told would prove that KPMG had been intent on stopping me from doing my work...which is exactly what **'The Best Company to Work for'** DID - over a 24-DAY period! A FACT it ADMITTED in [the letter](#):

"Since then you have been unable to access the external internet or the global intranet"; [= the internal sites]

"in order to enable you to carry out your day to day work" ;

"decided to reinstate your access solely for the purposes of allowing you to do your job"

...providing an **UNDENIABLE ADMISSION** that **KPMG HAD DELIBERATELY PREVENTED ME FROM DOING MY WORK – FOR 24 DAYS** ([23.04.07-11h34](#) email from IT).

The evil, sadistic, perverse monsters were getting their kicks from seeing me sobbing uncontrollably at my desk from 2 Apr 07 onwards, for the best part of April – **section 4.1 KPMG page**, as well as:

- **headers 4.4 and 4.5** of my [17.01.08](#) Grievance (**section 10.2 KPMG pg**);
- **paras 9 and 10** of my [03.04.08](#) Claim against KPMG (**section 12**);
- **lines 87-129** of my [05.08.08](#) letter to [ACAS](#) (**section 16**).

NOTE that, in its **[PACK OF LIES Defence](#)** (**section 14**):

- under **paras 4(b), 6, 7 and 12(b)** (extracts below) - **as a COVER-UP ploy** - **KPMG DELIBERATELY mixed** the 13 Feb 07 meeting at which my usage of "KPMG's IT systems" was raised (**sections 3.2 and 3.3 KPMG pg**) - with the 30 Mar 07 meeting (**section 3.4 KPMG pg**, under which I discuss this)...

...as, what I was told on 30 Mar 07, by Jeanette Dunworth, HR, is as I quotes above,...

...and reported in my [09.07.07](#) SAR; **Header 4** of my [17.01.08](#) Grievance; **para.8** of my [03.04.08](#) Claim.

Hence, KPMG's claims in its **[PACK OF LIES Defence](#)** – under:

"Para.4(b) - *the Respondent was right, to restrict the Claimant's internet access due to her contravening the Respondent's IT policy"*

"Para.6 - *...the Respondent decided to restrict the Claimant's access to the internet as a precautionary measure."*

"Para. 7 - *This was not the start of or indeed any part of a campaign of victimisation but in fact a way of avoiding implementing the disciplinary procedure for the Claimant's serious breach of the IT policy which could potentially have led to the Claimant's dismissal."*

"Para.12(b) - *the Respondent believes that it was necessary to restrict the Claimant's access to the internet following the Claimant's abuse of the Respondent's IT systems and the threat of legal action from Mr Ladsky."*

...amount to claiming that it cut off my access (in fact, to ALL the sites) **6 WEEKS after it**

raised the matter with me!

(NOTE that KPMG also made *the same claim* in its [22.05.08](#) 'response' (includes my Comments) to my [17.01.08](#) Grievance – **section 11** [KPMG pg](#))

Desperate to CONTINUE getting their sadistic kicks, they FAILED to take action until 23 Apr 07 (**section 4.2** KPMG pg).

Of course, in its **PACK OF LIES Defence**, under **para.12(2)**, KPMG DENIED that “*it had caused me extreme distress*”.

I highlight the fact that the **ban on my usage of the internet extended to the KPMG websites**: I was taken off from dealing with enquiries: my [24.04.07-09h34](#) email to Bassett and Hughes; [25.04.07-15h28](#) reply from Hughes – **even though the role limited my contacts to within KPMG**.

What was KPMG doing behind this?

Demonstrating its unbelievable level of moral depravation ...it was 'ever so kindly' “*offering*” me access to its “*health services*” e.g.

- **4 hours** after my above emails to [Jeanette Dunworth](#): [05.04.07](#) email from **Nuffield Proactive Health** “*offering*” me a “*Health & Wellbeing Assessment*”

And **KPMG** kept pushing other of its “*specialists*” at me – trying to get me to bite on one of the hooks – see **my summary in the** [08.05.07](#) email from **BUPA Wellness KPMG** (that includes references to other events)...

...while, of course, CONTINUING to subject me to **Criminal Psychological Harassment** – **in order to achieve its VERY SINISTER objective**: **section 5.2** [KPMG pg](#); my Comments in my [14.02.07](#) Draft Notes of the 13 Feb meeting with Peter Bassett and Jeanette Dunworth.

Noelle

Please see attached spreadsheet identifying all the sites you are unable to access.

Please could you review this list to identify whether any are missing so then I can present all this information to Global.

Many thanks
Serena
