OK. I'm disappointed about that.

Would you let Jennifer know that we will be appointing someone to attend the meeting and I'll be in touch, please?

Thanks.

Ceri Hughes

Yeah, right! TRANSLATION: that sure was a lot of fun! Too bad you had the self-esteem to refuse it, as you would have provided me, Peter Bassett et.al. in KPMG and the Jewish-Freemason Brotherhood with endless fun.

But, only 1 battle lost; we have a lot more in store for you!

Ceri

Thank you for thinking of me, but I will decline.

The main reason is the combination of subject matter and what has happened, and continues to happen to me at work. From going through some of the material on the Privacy site I know that I would not be able to forget about it.

Kind regards

Noelle - I really need to know on Monday if you plan to take this on and go on the training. If you are not going to do this I need to line up someone else. Please can you email me on Monday and let me know what you've decided to do.

If you do go ahead, obviously I am not in next Friday and I imagine this day doesn't suit you so there would be no point in Jennifer visiting, but you could offer to go to Amsterdam the following week if you are available.

Thanks, Ceri

Dear Jennifer

Thank you very much once again for giving me access to the site. It has given me the chance to get a better understanding of activities. While the subject matter and the opportunity to work with a wide range of colleagues are of particular interest, I feel that my profile would not quite meet requirements.

Ceri (copied on this email), will contact you once she has appointed somebody.

Thank you once again for your assistance, as well as very kind offer to meet.

Kind regards

Dear Noelle,

I confirm that both you and Ceri should now have access to the Privacy Liaison Centre website, which can be found at this link: <http://www2.farnham.ac.uk/ma/privacyliaisoncentre/projects/>

As you will see, there is quite a lot of information on the site. If you are wanting to see what the last regional sessions were like, I would recommend having a look at the Meeting Materials section; last years EMA Regional Training will probably be the most

Dear ..

Thank you very much for giving me a few minutes of your time to provide me with a brief overview of what being a Privacy Liaison person entails.

For Ceri's benefit, copied on this email:

- You are going to give us access (🔑) to the Privacy Liaison site which contains various documents produced over the course of roughly the last year. (Our current Privacy Liaison Officer, Ward Pratt already has access)

The objective is for me to familiarise myself with the activities of the Privacy Liaison Officers, the background information and training they have already received, etc – and for Ceri's information should she wish to have a look.

- If I get back to you by the beginning of next week with a decision to attend the course, you anticipate being able to accommodate me
- As the other course attendees have already received prior training and have been performing the role for several months, if required – and, depending on your movement – you have very kindly offered to give me a one hour session to bring me up to speed

Thank you once again for your kind assistance

(🔑) In case it's relevant, my logging name is 'nrawe2' (my profile was changed c. 2.5 yrs ago)

Kind regards

Noëlle - one key area for us in the future will be to ensure that our internal and external information sharing using the Portal and dot.com platforms is consistent with the privacy guidance that is coming out of Global Risk Management. In order to do this properly we need someone in the team trained up and able to act as the privacy liaison - part of the privacy liaison network. There is training in Vienna in October.

Would you be willing to take this on and to attend the training? I will need to get some background reading matter to you. If you are willing to do this, please could you let me know and complete the attached registration form and return it to Jennifer? Thanks, Ceri

Dear All,

Last month, we sent out an email regarding the 2007 Privacy Liaison Network EMA Regional Training Session ("Putting Privacy into Practice"), which will be held in Vienna on the 2nd and 3rd of October. We do not appear to have received a response from you yet as to whether you will be able to attend this session and would therefore be grateful to receive either the registration form confirming your attendance or confirmation that you will not be able to attend.

By way of background, interest in these session has been very high and unless we hear back from you by **Thursday, 16 August**, we might not be able to guarantee you a space at the session.

Please find below the original email containing the registration form and logistical information regarding the session. I look forward to hearing from you.
