Dear Ms McGrath

Aiming to continue to assist (\*) 'the brother' (Persecution # 6) Andrew David Ladsky and his gang of racketeers in any way she could, in ripping off the Jefferson House leaseholders,...  
...in her 26.11.03 letter she claimed that the database was 'not the tribunal's responsibility'.  
(\* She had already refused to ensure that the tribunal performed its remit by including a summary of its findings in its 17.06.03 report: my letters of 06.09.03 and 06.10.03, and hers of 12.09.03.  
I discuss the events under # 7 on the LVT page; summary of my complaints under Doc library # 1.1 and # 1.2.

LVT Report – Ref: LVT/SC/007/120/02

I acknowledge receipt of your note of over two weeks ago stating that you were experiencing a delay in replying to my request of 6 October 2003<sup>1</sup>.

This delay happens to coincide with a Part 36 Offer I have received from Steel Services. However, whatever the outcome of this initiative by Steel Services, I still wish for your Tribunal to produce a summary of its decision to accompany its report dated 17 June 2003 – (as I reiterated in my 6 October letter).

Factually accurate summary of the case on your Tribunal's database

I would also appreciate your assistance in ensuring that the summary of the case held on your database is factually accurate.

The current version is particularly misleading. Please see attached what I have downloaded from your 'Decisions' database on 7 October, and on which I have annotated my comments, as well as attached supporting documents<sup>2</sup>.

See the 'summary' page

Thank you once again in anticipation of your assistance.

Yours sincerely,

Noelle K-Dit-Rawé
