Re- CASIA LVT MATTERS

I have e mailed you several times but you have not responded (or maybe the Gremlins have intercepted my e mails

I hope you are well and you receive this letter I don't have a mobile number for you

I have some very important information that you will be interested in re the LVT and other matters

Why not
capture it?

Obviously I wont put it in this letter but it would be good if you could contact me
You have my e mail address or drop me a line at the P.O. Box

I havn't been to the CASIA meetings because I have been so busy with Court stuff

- A small claim
since 2010!!

Also I asked for a brief for the website a number a times from Diana so the website could be developed
I got her a good price for the hosting and design in the USA but she didn't come back to me so I guess the CASIA
website will forever remain undeveloped (B)

X

Sounds like Sheida has had a breakthrough !!! Good

X (A) A very wise decision
(B) Not true that it is
undeveloped"

Thanks
