Dear Mr McDougall

Directors for landlord at Jefferson House

Thank you very much for the copy of the letter you sent to Martin Russell Jones on [5 March 2002](#).

That's how it
'appeared' to
turn out

Maybe it is my misunderstanding, but you seem to refer to [Steel Services](#) as being the freeholder rather than the headlessor. (We understand the freeholder to be [Jefferson House Ltd](#)).

I wonder if, like me, you are coming to the conclusion that Steel Services does not exist.

Yep! That was
right! E.g.
[01.08.02](#) letter
from CKFT to
Mr McDougall

I am basing this on the **evasive responses you are getting from [Martin Russell Jones](#)**, as well as the facts I highlighted to you in my previous letter of 1 March (namely **a total of three addresses for Steel Services in the space of a few months**), (including **a very clear link with Andrew David Ladsky**). See e.g. [CKFT-Intro](#)

I have, admittedly just a feeling, that Steel Services became defunct around the time that we were served with the '[Notice by landlord](#) to qualifying tenants of proposed disposal' stating that **"the landlord intends to sell the lease interest in the property"**. As I mentioned to you previously, **this opportunity was taken away from us** when we pointed out that the notice referred to annexes, and that none had been attached. This was taken as the excuse to remove the offer from us.

Finally, I should add that the actions you are taking are clearly causing concerns as, **since 15 February, I have been suffering harassment and intimidation** (having my name on the letters you send is making me a target): anonymous phone calls; my door bell being rung in the middle of the night; a stone thrown at my window at night; I have been pushed aside by Andrew Ladsky in the corridor. **I have reported these incidents to the police**. (Other residents have also experienced harassment).

See e.g. [Kensington & Chelsea police # 1 - Background](#)

Best regards

Noëlle Rawé
