Ref: LM.R360/1

CONFIDENTIAL

19 October 2003

Dear Lisa,

**£526.75 for Mr Staddon** - Please, find enclosed Nat West cheque

### **My Witness statement**

Please find enclosed my Witness Statement, in compliance with the Court's deadline set for 21 October at 16h00 – for you to, please, take the necessary action.

I have:

1. stated my name, defendant number, claimant name, case number, date and page number in the header – such that this information is repeated in the right hand top corner of every page.
2. started the statement by stating my name and the capacity in which I was writing the statement
3. numbered each paragraph
4. included a right hand column headed 'Exhibits #' in which I have entered, as appropriate, the number of the document/s (from my list of 'Standard Disclosure of documents') I refer to in each paragraph, and left a 3.5 cm margin on either side
5. completed the statement with a statement of truth which I have signed and dated
6. signed each of the four pages

### **Mr David Pliener**

Obviously, I was referring to cases handled by Mr Pliener that are available in the public domain i.e. cases which ended up in court. I note from his CV that he does not quote any under his property experience.

As I have requested previously, I need a barrister experienced in handling my type of case. Bearing in mind what happened at the 26 August hearing when Mr Pliener ended-up taking advice from CKFT in relation to the £1,800 surveyor cost I wanted to claim (he came back saying: "*she is right, you cannot claim these until the hearing*"), I wish to have another barrister to represent me.

I have identified Mr Stan Gallagher of Arden Chambers, 2 John Street, London. I would like to discuss this with you.

Yours sincerely

Noëlle Rawé
