

The corridor by my flat was not swept for several months

**The windows of my flat have not been cleaned since the summer of 2004
i.e. nearly TWO YEARS at the time of
compiling this pack**

**This is the view I had outside of my windows
in November 2005**

**In other words: the area in front of my
windows was treated as a storage and
rubbish dump**

**Usage of the area in front of my windows as
a rubbish dump has continued to be the
case in 2006**

(See also the pack 'Broken_step' which
includes photos of the area in front of my
windows from August 2004)
