Oh yes! Not only did **Acting Chief Inspector Steve McSorley, Professional Standards and Performance** "outline the previous advice given"...
...he also expanded on it considerably in his absolutely outrageous letter of **20.11.09**...
...in the process, **continuing to demonstrate, among others, that he could not give a damn about breaching my legislative rights.**

- Events discussed under **Kensington & Chelsea police # 5**
- Snapshots: **Doc library # 4.7 to # 4.2** - and re 'my' MP Sir Malcolm Rifkind and the Parliamentary Ombudsman who were operating in cahoots with the police: **# 1.9 and # 1.10**
