- "The problems [I] experienced" were **not due to 'incompetence', or "mistakes"** - as they were portrayed: events demonstrate that **they were caused deliberately**
- **The reason? Punishment** for 'my daring' to complain against, and challenge various parties in the Establishment (see **Doc library**) - and dishing it out by using **criminal psychological harassment: header 1.8: "using something, personal, private information to make the person feel vulnerable"**
- See **Persecution # 3.2** demonstrating undeniable involvement by **the police** in the interception and retention of my post
Also covered, among other, in my **19.07.11** Witness Statement to the **Home Secretary, Theresa May - Queen's Bench # 6**

Dear Ms K-Dit-Rawe

Culminating in my complaint to Postwatch: 02.11.06 and 07.11.06

I would like to make sure that as a result of the action we have taken, you have had no more problems and that your mail is being delivered correctly.

However, if you have any further concerns regarding this service, I would ask that you do not hesitate to come back to me and I will be more than happy to help.

In closing, please be assured of our best intentions at all times.

Yours sincerely

Anita Waters
Royal Mail Headquarters

They asked this, in spite of knowing, from being copied on my 07.11.06 letter, that I had set-up a PO Box in the private sector (True, it still left me at the mercy of Royal Mail)

I did not include her my list of Executioners, because I do not believe that she was party to the actions taken against me
