Note that I had submitted the form to the hellhole masonic court with my 'Recorded delivery' letter of 28.08.07 = 7 weeks previously!

Dear Madam / Sir

Tape Transcript – 24 August 2007 West London County Court hearing – Claim 7WL 00675

And others - see my Comments on WLCC's 03.04.07 notice

Claimant **Roostock Overseas Corp.**
I am the Defendant: **Noëlle Klosterkotter-Dit-Rawé**

= A set-up: WLCC # 11

When I phoned your Office on Monday 1 October 2007 to enquire about the transcript of the 24 August 2007 hearing in West London County Court (my letter to you of 28 August 2007), you told me that you had not yet received the tape.

As a result of this, I phoned the court on the same day to determine why the tape had not been delivered to you. Apparently, my 28 August 2007 letter to the court requesting that the tape be sent to you was forwarded to a judge on 14 September. I was told that a reply had not yet been received.

In spite of being given this information by the court, on Tuesday 2 October your Office left a message on my voicemail to say that you had received two tapes from the court.

As I explained when I returned your call the following day, Wednesday 3 October, as I have already filed my document (the deadline set by the court was 14 September) – contrary to my initial request – I no longer need the transcript to be done urgently. When we spoke, you quoted six days from the day of receipt of a deposit of £150.

Please find enclosed cheque # 1467 for this amount.

Thank you.

Yours faithfully

N Klosterkotter-Dit-Rawé
