= "**Issues**" the lapdog Paulette James OBE, colluding with the WLCC mafia, had deliberately turned a blind eye to, and covered up with fabrications and lies - to avoid holding WLCC to account for its atrocious and criminal conduct.

Call the **10.01.08** letter "*dealing with*" my **13.11.07** legitimate complaint against WLCC?
See my **28.01.08** reply proving that she definitely had NOT.

Dear Ms Rawe,

Thank you for your further letter of 18 February addressed to Jack Straw which raises more or less the same issues that were raised before and dealt with in my reply to you of 10 January.

Yes, I wasted more of my time and money writing this **26.01.08** letter

I understand that you have written in similar terms to West London County Court. The information they have given in response reflects that given in my earlier letter, that is, that if you wish the case to be transferred elsewhere you must make a formal application. In addition you have been reminded that you must file a completed allocation questionnaire by Friday this week or face having your defence struck out.

I am sorry but there is nothing further I can add to what has already been explained to you. Ha!Ha!Ha!

Yours sincerely,

After all the evidence I supplied in my letters!
It yet again confirmed my header (e.g. 27.12.07 ; 28.01.08): **Absolute confirmation of collusion**

Securing the claim against me in favour of 'the brother' (Persecution # 6) **Andrew David Ladsky** is something they had been dying to do from the time the fraudulent (*) **27.02.07** claim was filed against me.
(*) 3 months later: **06.06.08** Notice of Discontinuance of "**ALL the claims against [me]**"

Of course, having got the green light from head office, including its overall head, Her Majesty's Jack Straw, (In)Justice secretary, the WLCC mafia continued with the criminal psychological harassment (Persecution # 1):

See the unbelievable summaries on the West London County Court page: Events ; Breaches of the law ; Overall outcome on me...
...which Jack Straw and the lapdog Paulette James 'could not see anything wrong with'!
